In Govt. Procs. No. 7197/125
d 15th September 1890,
~~Dy Conservator of Hassan~~
P^r Genl. of Forests was
requested to submit a
Memo showing the number,
scription and value of
the trees standing on
the lands proposed to be
given to M^r Muthappa
in addition to the assess
unoccupied land, this

as to whether the lands may be granted for cultivation or whether they will be required for Forest purposes.

2. The Insp^r. Genl now submits, with his letter quoted under reference, the report called for above and the Dy Comm^r submits the list showing the trees standing on the several Survey numbers.

3. It will be seen from the correspondence that instead of ~~granting~~ allotting 100 acres for free grazing the Dy Comm^r proposes to levy at the reduced rate of 4 annas per acre on the whole of the Kharab land measuring about 350 acres. There are 7795 trees of the reserved kind of which 52 of this are fit for depot Collection, the rest being stunted and inferior. Of the remaining immature trees 193 are reported to become fit for [illegible] in course of years. For these the Dy Comm^r proposes to charge a sum of Rs 100 as Malke; but the Insp^r Genl. proposes the levy of 4as for each Hommi & Beke and 2as on each Kandi and Matti tree. Which he thinks would bring abt 427 Rs in addition to 100 Rs for immature trees. The lands are not required for Forest purposes and all Rulers say that they may be given away to Dr Muthappa Rai Bahadur Forresters. This

decision of the Rev Council

30/3/95

The Govt have sanctioned the grant of the ~~village~~ settlement of the question of the disposal of the trees standing on the lands of the village. The present Conservator of the Dept. Govt of Forests shows that there are not many useful trees worth removing to the Depot: & indicates the manner in wh he proposes to dispose of the trees mature & immature but wh cannot bear the cost of exploitation.

R 1/4.95

The Govt have not quite sanctioned the grant but said they had no objection; at the same time enquiry was made regarding the Forest interests on the lands. The final orders in the case should therefore be issued in the Rev. Dept. 23/1/95
2. This will be issued to the 2nd Councillor.
2-4-95

I would sanction the grant of the village as prayed by the Mudaliar Kharab land may be given on an average assessment of 4 as an acre - The value of the trees as reported by the Inspector Genl must be levied from Muddabba - As the amount exceeds 500 Rs I would allow Mr Moodaliar to pay in three or four instalments.

1) .... Moreover this application is not for an entire Beckarai Village. Some of the lands are occupied and the unoccupied & Khrab lands belong to a Chirak Village - The Application must accordingly be treated as one for a large tract of unoccupied land in an Ordinary Village -

~~There no objection~~

3) .... The Khrab lands are so filled with trees (both reserved & unreserved) that it is most doubtful whether the application is with a view to bona fide Cultn - The tract seems to be a jungle, and it is a doubtful point whether the Applicant proposes to clear it for the Ordinary Cultivation or use it for Coffee or other plantation

~~If Chavey for Cobbe is~~

I have, after considering all points, no objection to the grant of the land for occupation. The Kharak- pt. however be fully assured at ordinary rate than the Survey. I would not attempt fixing 6 annas an acre. This rate I know was fixed ~~here~~ by the Survey in Bangalore District but it was a most sad mistake altogether which we shd. not repeat Elsewhere -

I also agree to the Valuation of this as recommended by the Supt. Genl. being levied in 3 years.

The foregoing orders having been communicated to the Dy Commissioner & the Survey Superintendent in Govt. Pro: No 1686-8 / R627 dated 8th August 1895, the latter Officer stated that Survey No 93 could be assessed at 6 annas per acre which was a fair rate as compared with adjoining Survey rates. In forwarding a copy of this communication, the Dy Commissioner was ⊗ requested to report whether Alle Mootheppa agreed to the terms mentioned in the Pro: above referred to and was willing to take up Survey No 93 at 6 annas an acre.

The Dy Commissioner now reports that Mr. Mootheppa has agreed to take up the land, on the terms laid down in the orders above referred to but that he (the Dy Commr.) is doubtful whether the ground unoccupied lands applied for by Mr. Mootheppa has been sanctioned on Shravya tenure for 4 years ~~xxxxxxx~~ under the terms of the late Chief Commissioner's Pro: No 4563-72 / R 812 & 10th November 80.

The orders of the Dewan above recorded ~~and~~ ~~that~~ and conveyed in the Proceedings referred to, to the effect that "the Govt. have no objection to the grant of the land for occupation" leaves no room for doubt that full assessment should be recovered therefor. If approved, the Dy Commissioner may be informed accordingly.

In his report, the Dy Commr. alludes to the petitions of Mir Ismail, ~~for~~ for certain lands in the Bhaskurvalli Village ~~in~~ ~~occupation~~, and in comparing the relative claims of Mr. Moothappa & Mir Ismail for the lands in question, says that the latter's allegation that he was the first applicant has no foundation.

Proceedings of the Chief Commissioner of Mysore

Read —

Letter from the Deputy Commissioner of the Hassan District, No 264 of the 3rd September 1880 recommending the grant of Shraya Kaul to induce persons to bring under cultivation villages which have become depopulated owing to the famine, &c.

No 4563-72—R 812 Dated Bangalore, 10th November 1880

Order Thereon — The ground on which the Survey Department object to the grant of Shraya or Kaul on a progressive rent for the cultivation of waste lands is that the cultivating powers in the country being limited, such grants must simply draw away labor from other cultivated lands, and this must be especially so in this Province in which no part can be considered to be so over-populated as to admit of the withdrawal of labor from it to other parts. The Chief Commissioner, however, thinks that an exception to this rule may be well made in the case of villages which have become bechirakh or depopulated, or of garden lands which may have been abandoned, owing to the effects of the famine, and he will be prepared to sanction, in such special cases, Shraya Kauls for the cultivation of such lands on individual applications being submitted with full information in regard to the circumstances of the applicants and of the lands applied for. The term of the Shraya Kauls should not exceed four years, and they should begin

first year, and there should be a further condition as proposed that the holder or his ryots should take up their residence in the village. Free grant of wood may be sanctioned to a limited extent to enable the applicants to build houses in the village. The Chief Commissioner believes that such favorable terms, when accorded to persons who are able to cultivate lands, will induce them to exert themselves more in the cultivation of lands thereby bringing a larger area under cultivation though there may be no addition to the number of hands employed in the cultivation

2. The Deputy Commissioners are requested to submit a list of villages which have become depopulated and waste and of valuable garden lands which may have been abandoned, owing to the effects of the famine.

November 1880. I have seen this village
It is Bechirakh in the strictest sense
of the term, and should a village
be reestablished here, there is every
probability of its thriving, as the soil
is good, and the climate is healthy. The
only drawback is that no energetic
person has yet come forward to take
advantage of it. I have very great
confidence in Guru Buddappa's un-
assurance, as he possesses the means
and every other requisite facility. He
is himself a gowda gentleman by caste,
and has got a fairly educated son
whom he intends to settle in the
village. A portion of the village is,
however, now under cultivation, the
land having been taken up by a
myot

upon in an adjoining village. When
I was there recently, I learned that
these lands were likely to be thrown
up after this crop. Hence it will
be profitable to Government to encourage
the revival of the old village which
became depopulated about 30 years
ago as it was stated. But there is a
small technical difficulty in classifying
it as Bechirakh, which is this. It was
Bechirakh at the time of the survey
settlement and is still so. For minimising
the number of villages in order to reduce
the number of separate sets of village
accounts, this village was at the time
of settlement attached to the adjacent
village of Hatkunda which now has
only a few houses. There are several villages
similarly situated and their number

treated as Bechiraki villages and the Shraya rules should, I beg to submit, be applied to them as well. Under these circumstances I beg strongly to recommend that the grant of this village on Shraya tenure might be sanctioned at an early date. I have forwarded copy of this application to the Inspector General of Forests requesting him to obtain permission of Government for Mr — Muddaphai acquiring this land. Copy of that letter is enclosed. —

Sir.

I have the honor to state that being desirous of acquiring some lands for the maintenance of my large family, I have selected the Bécherak Village of Bukkurvalli in the Pournattapur hobli of the Hassan taluk.

This village, as you know, is thoroughly depopulated. I hear the few lands which are now under cultivation will be thrown up ere long. I am anxious to bring the whole extent of assessed land both wet and dry under cultivation by re-establishing a village. I therefore beg that you will be good enough to take the above circumstances into your kind consideration

and to recommend to Government the grant of the said village to me on the "Shraya" terms sanctioned in the Chief Commissioners' Proceedings No: 4563-72 / R. 182 dated 10th November 1880.

2. I further request the favor of your obtaining the sanction of Government to my acquiring the above named village.

Sir

I have the honor to forward Copy of an application from Mr. Muddappa Soliciting Sanction to acquire land in this District and beg to recommend that permission may be granted. Mr. Muddappa is anxious to Settle one of his Sons here. He is a Vakkaligar Gowda Gentleman by Caste and his father a retired Havaldar or Subedar of Her Majesty's Cavalry, belongs to a village near Sante-bachalli of Atticcopa Taluk where he and Mr. Muddappa's other brothers are now living. One of Mr. Muddappa's Sons

Sons is fairly educated in English and is to become a farmer. Mr. Muddappa is an old Servant of Government and his request made for the purpose of making provision for his family — is perfectly reasonable and deserves favorable consideration of Government. I request therefore that you will be pleased kindly to support his prayer and obtain sanction of Government which he solicits. I enclose copy of my letter to Chief Secretary for your information.

Hulkunda and Bukthervalli villages
are amalgamated with blue cross
marks on the numbers proposed

to be granted. The Jamabundy Goshwara No 11 of Madikalli being the primary village for 1889-90 is also submitted herewith. The area and assessment of the Survey numbers proposed to be granted is given in the Sub-joined Statement.

2. With regard to trees standing on the numbers, I beg to state that these are not so far as I now remember very numerous although thorny under growth makes correct Counting difficult in Some places. I propose removing all matured trees of reserved Kinds to Government Depot for Sale. Immatured trees of the reserved Kinds will be valued by the Assistant Conservator or by myself

and the Malki recovered from the Durkastdar. Other unreserved trees of no great value should be given away free to the applicant as he would require them for building huts for his tenants and their value may not be very much more than the cost involve in clearing them for making the land fit for cultivation. —

3. There are two unassessed numbers viz 93 and 101 measuring A 448-29 G Being on the out-skirts of Malnad nearly 200 acres would be required to be allotted as Gomal and Village Forest for this Mazara Village and Mr. Moodappa is willing to take up the remaining portion after allotment of necessary Gomal and village

are shewn in the margin the Dy Commissioner proposes to grant to Mr Mootiappa at 4 annas per acre, ~~of~~ 34 9 acres & 29 Cuntas of Kharale land forming Survey No 93,

3. Government observe that the application is not for an entire Bechirakh Village as some of the lands therein are occupied and the unoccupied and Kharale lands belong to a Bhirakh Village and that the application must therefore be treated as one for a large tract of unoccupied land in an ordinary Village.

4. The Kharale land is so filled with trees (both reserved & unreserved) that it is doubtful whether the application is with a view to bona fide cultivation. The tract moreover, seems to be a jungle and it is a doubtful point whether the applicant proposes to clear it for ordinary cultivation, or use it for Coffee or other plantation,

5. On a consideration of all the points however, Government have no objection to the grant of the land referred for occupation. As it is undesirable to grant the Kharale land to the applicant at 4 annas per acre, the Superintendent Revenue Survey to whom the entire file of papers connected with the case is forwarded, will be requested to assess the land at ordinary rates, which will have to be levied from the applicant.

6. The Inspector General of Forests proposes that the 52 trees of the reserve kind which are capable

Sir,

With reference to Government Proceedings No. 1686-8 / R 627 dated 8th August 1895, relating to the application of Dwn. Drothappa, Assistant Conservator of Forests, for the grant on shrayatenure of the unoccupied land in the Bechinakh Village of Bhaklanavadi now attached to the Dradihalli Village in the Hassan Taluk, I have the honor to state that Dwn. Drothappa

6

to whom a copy of the Government order was sent, has intimated in his letter No. A of the 30th July last, that he consents to take up the land on the terms laid down in the Government order under reference. He also agrees to pay for the whole Kharab land forming Survey No. 93 - measuring 3 4 9 acres and 29 guntas - at 6 annas per acre, the rate fixed by the Survey Superintendent, as communicated to Government in his letter No. 474 (13) dated 28th August 1895.

2. I should have communicated the Government order to Dwn. Drothappa earlier and obtained his reply before this, but for the petition to Government of Dheer Ismail alias Saleulal of Hassan on 9th November

November 1894, and also on 24th October 1895, offering to take up 40 acres of the land fit for Coffee at 10 Rupees per acre, and the remaining extent of dry and wet lands on full assessment. These petitions were sent to this office for disposal with official Memos Nos. 80 (11) and 82 (12) dated 19th November 1894 and 11th November 1895 respectively. These petitions were reserved to be disposed of along with Dwn. Mookkiappa's application. Dwn. Ismail in his petition to Government Registered No. 199 of the 18th July 1894, urged that he was the prior applicant for the whole of the Bhaktavalli village, and that he would take up the land fit for coffee at Rs 10 per

per acre, and objected to it being given on Shraya tenure. His allegation that he was the prior applicant for the entire village is however not correct. Dwn. Mookkiappa applied for the whole of the unoccupied lands in the Bhaktavalli village on 25th November 1889, but in 1888 Dwn. Ismail had applied for only Survey No. 7 measuring 23-24 Acres. Gunta assessed at 7 Rupees which was sold in auction and Dwn. Ismail's bid was for Rupees 25. The sale was not confirmed as the land was reported to contain several hills and fit for Coffee cultivation. § — On 11th July 1890, that is subsequent to Dwn. Mookkiappa's Darkhast, Dwn. Ismail petitioned the Deputy Commissioner represented

that his application for Survey No. 7 was rejected on the ground that it could not be given for dry cultivation and therefore prayed that he might be given without auction all the dry and coffee lands at their respective fixed rates of assessment. An endorsement No. 177/16.7.90 was issued to the effect that coffee lands could not be given to him without auction and that the dry lands even if they contained any malki, will have to be sold. Mr. Ismail's application for all the unoccupied lands of the Bhaktarvalli village on full assessment, does not seem to have been brought to the notice of

of Government when Government Proceedings No. 1686-8/R627, dated 8th August 1895 in respect of Mr. Doddappa's application for the grant on Shrotriya tenure of the unoccupied lands in the Bhaktar-Valli Village was finally issued. To ascertain the truth of Mr. Ismail's statement that his application was prior to that of ~~the late~~ Mr. Doddappa, I sent for the Vernacular file of correspondence which had been forwarded to the Inspector General of Forests and also directed the Amildar of Hassan to make a thorough search of his application if any. It is reported by the Amildar that no such Darkhast is forthcoming and

and Dewan Ismail, though given a fortnights' time to produce any reference he might possess to substantiate his allegation, yet he failed to do so. In the absence of any such evidence, Dewan Krishnasamiengar seems to have disallowed his Contention. Survey No. 7 originally applied for by Dewan Ismail in 1888 is not one of those numbers included in Dewan Doddiappas' application.

4— The correspondence on the subject relates to the application of Dewan Doddiappa for the grant of the unoccupied lands in the village on sheraya tenure for 4 years under the terms of the Chief Commissioners Proceedings No. 4563-72 / A 812, dated 10th November 1880.

It is stated in the latest Government Order on the subject namely Proceedings No. 1686-8 / A 627 dated 8th August 1895, that Government have no objection to the grant of the land reserved for occupation.

5— I entertain a doubt as to the intention of Government whether the grant on sheraya tenure for 4 years is sanctioned or not as recommended by Dewan Purnaiya.

6— I beg I may be favoured with definite instructions in the matter.

I have the honor to be,
Sir,
Your most obedient servant

Offg. Dy. Commissioner
Hassan District.

ABSTRACT.

Appeal against the Order from the Dy Commr, Hassan Bangalore, No. 114, 9/7-2-97, on the petn of Mr Moottappah stating that he may be excused payment of assessment for the year Dasanakki (96-97) — the year in which he was granted Sagavali chit for a certain land in Bhaktarvalli — is as follows:-

"The Sagavali chit was granted while yet there were 6 months before the close of the year. Rule

Pet^r -

Appeal- grounds

The pet^r states that he applied in 1889 for the grant on Shrotriya tenure of the unoccupied lands in the Bechanahalli village of Bhakhtaravalli; that the then D/Commr, Mr Purnaiah, in supporting the application, recommended to Govt the grant of the village Kharab also @ 4/as. per acre; that, in the Pro. No 1686-8/627 of 8th Augt 95- the Govt offered the unoccupied lands on full assessment while they raised the rate on the Kharabanes to 6/as;- that the grant, on the said conditions, of the above lands was finally sanctioned in the Pro. No 4354-5/R.T.68-96, of 13-11-'96;- that the Sagavali chit was granted to the petr on 9-1-'97, i.e. when the cultivation season in the year ('96-'97) was over; that he then petitioned the D/Commr (Mr Venkataravanayya) of Hassan that he might be allowed to pay the assessment on the lands from '97-'98 and not from '96-'97 whereupon the D/Commr passed the order which is the one appealed against.

The petr says that Clause 17, L.R. Rules XX, leaves, in such cases, the ~~discretionary power~~ matter to the D/Commr's discretion; and that in obedience to the D/Commr's order he has paid Rs Rs 25-3-10-9 on the lands for 1896-'97.

Prays that he may be "exempted" from payment of assessment on the said lands for the year 1896-'97.

MYSORE SECRETARIAT OFFICE
Bangalore
RECD. NO. 847R
DATE 22-9-97

Most Respected Sir,

I applied in 1889 for the grant on Shanya Tenure of some of the unoccupied lands in the Bechirakh Village of Bhaktarawalli of the Hagari Taluk. The then Deputy Commissioner Mr. Purnaiah, was pleased to support my application and recommend to Government the grant to me of the Kharab lands also in the Village at 4 annas per acre. In their Proceedings No. 1686-8/627 of 8th August 1891 the Government were pleased to offer me the unoccupied lands on full assessment and the Kharab at the increased rate of 6 annas per acre. Assenting to the terms of the said Proceedings, I communicated to the Deputy Commissioner, and on a further representation by him, the Government were pleased in Proceedings No. 4354-5 R.F. 68-96 of 13th November 1896 to finally sanction the grant of the said lands to me. Accordingly the Sagavali chit for the lands was issued to me by the Taluk Amildar on the 9th January 1897 under the orders of the Deputy Commissioner, after the cultivation season in the year was almost over. I then petitioned to the Deputy Commissioner representing to him that I might be allowed to pay the assessment on the lands from 1897-98, as 7 months embracing the season of cultivation in the year 1896-97 had elapsed before I was put in possession of the lands, which had lain waste for years past, and had in consequence to be reclaimed almost from its state of nature at a large cost and labor. Here I respectfully beg to point out that Clause 17 of the Land Revenue Rule XX, which enforcing the collection of Kandayam on lands in the year which they are granted, vests in the Deputy Commissioner a discretionary power in the matter, since it runs thus:-

"The assessment should be paid for the whole year in which land may be granted unless otherwise ordered by the

Deputy Commissioner." But however the Deputy Commissioner favoured me, in reply to my petition, with an endoresement Nº 114 of 1st February 1897 (enclosed) to the effect that owing to the delivery of the Sagavalli Chit while yet there were 6 months to close the year, rules and practice forbid the grant of my prayer.

Paying therefore the assessment of Rs 253-10-9 due on the lands for 1896-97 in obediance to the orders of the Deputy Commissioner, I respectfully approach your honor with this appeal, and humbly solicit consideration of and orders on the reasonableness of my prayer to be escempted from paying the assessment on the lands for the year 1896-97.

I beg leave to remain,
Most Respected Sir,
your most obedient and humble
Servant.

ABSTRACT.

With reference to the Rde dated 12th Oct 97 asking the petr to produce explain the delay of more than seven months in preferring the appeal stating that as he was under the impression that the limit of time prescribed by the rules is applicable to the decisions in revenue cases and also as he

very busy in his work being a Forest officer, he was not able to appeal soon after the receipt of the Govt Order from the Divisn.

I beg that the petition returned for Explanation be taken into kind consideration, as he has been made to pay unnecessarily a large sum of revenue
